Jacksonville Daily Journal.

VOL. 53—No. 157 JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, JULY 2, 1919 TEN PAGES—THREE CENTS

MORE THAN HALF OF CHICAGO SALOONS OPEN

Authorities Accept Brundage Opinion With Reservations

CHICAGO, July 1.—While the remainder of the country was allowed 2¾ per cent alcoholic beer by United States Attorney General Palmer's decision not to regard it as intoxicating in enforcing wartime prohibition which went into effect last midnight, Illinois was made entirely dry and reduced to near-beer, the one half of one half variety by State's Attorney General Brundage's interpretation of the new state "search and seizure law." The latter, Mr. Brundage said, was in full effect and defined non-intoxicating liquor at one more than one half of one per cent of alcoholic content.

Chicago authorities tonight accepted the Brundage opinion but with a degree of reservation. Corporation counsel Etelson advised the chief of police to observe the interpretation "unless and until otherwise advised."

Report One Violation.

More than half of Chicago's 6,000 saloons remained open today but the Brundage opinion was regarded as a severe blow. But one violation of wartime prohibition was reported to the federal district attorney. In a few cases saloon keepers were said to be selling whiskey and beer, but evidence against them was not in the hands of the police.

Confusion had reigned because the federal attorney genral said prosecution of sale of 2¾ per cent beer would not be begun tho the Illinois search and seizure act prohibited sale of beer of more than one half of one per cent of alcoholic content. Some liquor men believed the state law did not include wet territory but only that territory previously dry. The act, however, defined prohibition territory as that made dry by municipal state or federal law and Mr. Brundage therefore referred to the state law which ordered dramshop licensing suspended during the period of effect of any federal prohibition law.

Submit to Prohibition.

The city collector's office refused today to issue liquor licenses unless the corporation counsel issued a favorable opinion. As a result of today's developments, liquor interests were submitting to prohibtion and saloons remaining open were selling soft drinks.

William G. Legner head of the brewers' asociation said the brewers stil stood by their decision announced yesterday to make nothing more than one half of one per cent alcoholic beer.

Ernest Kunde, president of the Illinois Liquor Dealers' Protective association said he saw nothing to be done except await the lifting of the war time ban by President Wilson, altho he said his organization would make a legal fight on the search and seizure law as well as against all pohibition legislation. He closed his own saloon today, he said because workingmen were so peremptory in their demands for real beer and so positive in their rejection of near beer that he feared trouble. He said he knew of some mill employes who quit today declaring they would not work without beer.

Except in few instances Chicago bars did little business today and in the cheap lodging house districts the floating population generally sunned themselves and left the near beer bars deserted.

HAVE LAUNCH READY FOR CROWN PRINCE

LONDON, July 1.—German counter revolutionies have a motor launch in readiness to rescue the former German crown prince Frederick William wishing him to appear at the head of the military forces in Germany, according to a Rotterdam dispatch to the Daily Mail..

The Dutch queen the dispatch adds has sent her consort to persuade the former prince that it would be detrimental to Holland which granted him hospitality if he participated in a revolt in Germany.

The former crown prince, according to a wirless pres dispatch from Amsterdam has renewed his lease on the parsonage of Wieringen for another thre months.

LARGE SURPLUS OF WHISKEY

Louisville, Ky., J July 1.—Notwithstanding the enormous amount of whiskey sales in the past week, Kentucky liquor dealers today claim to have a surplus of forty million gallons. How to dispose of this, they say, is undetermined.

GIVE HUNS MORE LIBERTY

Versailles, June 30.—The attaches of the German peace delegation remaining here will be permitted to circulate in the town accompanied by secret service men to prevent incidents. They will [illegible] allowed, however, to enter

U. S. Calls On Mexico to Punish Murderers

WASHINGTON, July 1.—Urgent representations have been made to the Mexican government for the punishment of those responsible for the murder of John W. Carroll, an American citizen, the maltreatment of his wife and the attempted murder of his son, at their ranch near Colonia 7 miles north of Tapico the state department announced today.

Instructions have been sent to both the American embassy at Mexicoo City and the American consulate at Tampico to urge immediate capture and punishment of the perpetrators of the outrage and protection for other Americans in the district.

Six days after the attack on the Corrall family, the paymaster of the Gulf Refining company, an American concern, was robbed of $15,000 in gold which he was taking to the oil fields from Tampico.

The paymaster it was learned had notified the Mexican authorities at Tampico as required by law of the date and time of his departure the amount of money he was to take and the route he would use in reaching the oil fields. The territory thru which he passed is entirely controlled by Carranza forces.

Other reports to the state department today said on the day following the payroll robbery, soliders wearing Carranza military uniforms, raided the camp of the National Oil company in the Panuco field, near Tampico and robbed all the employes of their money and watches and jewelry.

State department officials were plainly anxious today over the new turn in the Mexican situation following a long list of favors granted the Carranza government including the turning over to Carranza at his urgent request a complete telegraph circuit from Laredo, Texas, to Juarez and on to Nogales, Ariz

This enabled the authorities in Mexico City to keep in touch with the federal military commanders in the northern part of Mexico as the Villistas had cut the line between Chihuahua and Juarez.

BALLOON EXPLODES, SEVENTY FIVE HURT

BALTIMORE, July 1.—The big navy dirigible C-8, commanded by Lieutenant N. J. Learned with a crew of six men and two passengers bound from Cape May N. J., to Washington, exploded with terrific force just after landing at Camp Holabird, near this city at 11:30 today to remedy rudder trouble. The explosion shook the cantounent and the eastern section of the city like an earthquake.

The great balloon instantly became a mass of blazing fragments scattered over the crowd of nearly 200 persons, men, women and children who had gathered on the camp field to see the monster flyer and many of whom were blown partly across the field. Seventy five persons, mostly women and children were burned or otherwise injured. None of the officers or crew of the C-8 were hurt tho several of them sustained sereve shock. They were at work on the disabled rudder when the explosion occurred.

According to the commander the explosion is believed to have been caused by rapid expansion caused by heat. The bag contained more gas than was required after descending from a colder altitude.

TAKE NEWS OF TREATY SIGNING TO KAISER

AMERONGEN, Saturday, June 28.—(By The Associated Press.)—News of the signing of the treaty of peace at Versailles was taken to Amerongen castle tonight by the correspondent of The Associated Press. The entourage of the former German emperor appeared to regard the event calmly because they had been convinced that the ceremony was inevitable, the former emperor himself having received a dispatch earlier in the day saying that the German delegates had arrived at Versailles and would sign the treaty.

It was impossible to learn from those in the castle and near the former emperor how he had received the news.

HOGS COMMAND HIGHEST PRICE KNOWN

CHICAGO, July 1.—Hogs today commanded the highest price ever known, $21.75 a hundred weight. The previous topmost July price was last year $19.40. Today's strength in the hog market was ascribed chiefly to export demand for packing house products.

Before the United States entered the great war $10.25 was the acme for hogs in July.

TWO KILLED IN FIGHT.

Chicago, July 1.—Special Policeman Anthony Weiland and Carl Rubka, seven years old were killed and others wounded early today in a fight in front of a dance hall in Blue Island, Ill., as a result of the war-time prohibition celebration.

AWARDS SERVICE CROSS

Washington, Jly 1.—The distinguished service cross has been awarded by Gen. Pershing to Corporal George A. Carroll, Daven-

DIRIGIBLE R-34 STARTS ON TRIP TO AMERICA

British Airship Leaves Scotland This Morning

BULLETIN

LONDON, Wednesday, July 2.—The air ministry received a wireless message at about 6 o'clock this morning from the R-34 which was then off Rathlin Island, off the north coast of Ireland and about three miles northwest of Fair Head.

EAST FORTUNE, Scotland, Wednesday, July 2.—(By The Associated Press.)—The Dirigible R-34 started on its voyage to America at 1:48 this morning.

Air Ministry Announces Start

London, July 2.—The air ministry announces that the R-34 left the ground at 1:48 Greenwich Mean Time on her trans-Atlantic flight.

The giant British dirigible R-34 is the first lighter-than-air machine to attempt a trans-Atlantic flight. The airship, the largest of its kind in the world, measures 634 feet from nose to stern and carries three boats below the gas bag. She has a gas capacity of 12,000,000 cubic feet and is commanded by Major G. H. Scott of the Royal air force. The craft is equipped with a wireless system as powerful as that of the great ocean liners. Among the crew of twenty three men is Lieutenant Commander Zachary Lansdowne, staff commander of the American naval air forces in France, who is making the voyage as representative of the United States navy.

It has been estimated that the R-34 will cross the Atlantic in from sixty to seventy hours under favorable conditions. Announcement has been made, however, that no attempt will be made to establish a time recard for the crossing, the comfort of the dirigible's crew being given first consideration.

With favorable weather the R-34 is expected to parallel the route of the Northern Steamship lanes, but should adverse weather conditions be encountered she probably will take the southern course, passing over or near the Azores.

The landing will be made at Roosevelt Field, Mineola, L. I. Under present plans the giant airship will only make a short visit before starting on her return voyage because of the fact that there it no hangar at Roosevelt Field or elsewhere capable of housing the machine. Accommodations for 200,000 persons to witness the landing have been provided.

The R-34 recently made a 56-hour trip into the Baltic, during which she covered approximately 2,000 miles.

TORY COALITION MEMBERS REVOLT

LONDON, Monday, June 30.—One of the urgent matters with which Premier Lloyd George has to deal now that he has returned to England is the revolt of some 200 Tory members of the coalition against what they suspect to be the government's intentions in the field of nationalizing industries. They fear that nationalization of the coal industry will be followed by the adoption of similar measures with railroads and other concerns and are especially agitating the transport bill which gives Sir Eric Geddes, minister without portfolio, extensive powers over transport of all kinds, including the port of London.

The dissenting members of the house of commons held a meeting today to lay their views before Andrew Bonar Law, government leader of the house who in reply gave an opinion that the question of nationalization was not involved in the transport bill. He added that the premier and himself had never discussed nationalization and he himself would regard nationalization as a great evil. He concluded by saying that he felt a great objection to running the railways as a government department.

CALL MEETING OF SHARE HOLDERS

NEW YORK, July 1.—Directors of the Sinclair Oil and Refining Co., have called a special meeting of the shareholders for July 18 to authorize an increase of capitalization from 1,500,000 to 2,500,000 shares.

Shareholders of the Sinclair Gulf corporation will meet on the same date to vote on a proposed increase of capitalization from 1,000,000 to 2,000,000 shares.

It is understood that there will be no opposition to the proposed issues.

LIST GIVES NAMES OF SIX MEN KILLED

Washington, July 1.—Today's army casualty list contained the names of one officer and five enlisted men killed in action. Among them were: Corporal Jesse M. Reed, Booneville, Mo., and Private Dee P. Craig, Joplin, Mo.

RECORD FOR LICENSES.

Chicago, July 1.—During June 4,605 marriage licenses were issued by the county clerk, it was announced today as against 2,938

Twelve Dead; Nineteen Hurt In Train Wreck

DUNKIRK, N. Y., July 1.—Engineer Clifford of the New York Central's Westerner Express, tried, according to his statement, to avert the rear-end collision with Train No. 41 which caused the death of Twelve persons, the the serious injury of nineteen others and slight cuts and bruises to as many more here early today. The airbrake failed to work, the engineer declared. Witneses said that the siren was still screeching for the handbrakes when the Westerner going fifty miles an hour plowed into the rear coach of No. 41. Clifford stuck to his post to the end. He was dying when his body was taken from the wreck of the engine.

"The brakes wouldn't hold; they wouldn't work," he gasped just before he died.

Eight bodies were taken from the wreckage in the early morning hours and three of the injured died during the day. An investigation by railroad and federal officials is said to have developed the fact that the air controlling the brake on the Westerner was cut off between the engine tender and the first car of the train, altho it was tested in the Buffalo yards on hour before the accident. The finding of a body, apparently that of a tramp wedged in the wreckage, back of the tender is the basis for a theory that a man stealing a ride on the blind end of the baggage car accidentally or deliberately turned the cock rendering the air brake useless thruout the length of the train

SAYS WILSON FAILED OF HIS OBJECTIVE

ROME, July 1.—Critical comment on President Wilson's sojourn in Europe is made today by the Tribuna, in discussing his return to the United States. "Seven months ago an immense halo of popularity surrounded President Wilson," the Tribuna editorial says. "Europe awaited him as the Messiah in a new era of history while now he leaves amidst almost general indifference, appearing as an intruder in our continental history, our European covilization and our sacred ideals.

"It has been psychological drama, as President Wilson believes, perhaps sincerely, that he incarnated not only the aspirations of America, but also the aspirations of Europe. Instead President Wilson, despite his pure intentions, failed of his objective. He returns to America, leaving behind him a chaos of disorder, passions and disillusions, since he could not conclude peace according to his principles but made a compromise brought about by the overbearing attitude of the strong toward the weak."

HOOVER QUITS AS FOOD BOARD HEAD

NEW YORK, July 1—Resignation of Herbert Hoover as chairman of the board of directors of the food administration grain corporation and re-organization of the corporation under the name "United States Grain Corporation" was announced at the annual meeting of stockholders here today.

Mr. Hover's place as chairman will be filled by Julius Barnes wheat director, who also is president of the corporation.

It was stated Mr. Hoover would continue as a director, but that his resignation of the chairmanship marked the first step toward his retirement from public life. Mr. Hoover is expected to return to the United States in about two months, upon completion of the European relief work and the fruition of the European harvest. It was announced that the corporation's capital for handling the 1969 wheat crop would be $500,000,000.

REPORTS TO POPE ON PEACE MISSION

ROME, Saturday, June 28.—Archbishop Bonaventura Cerretti, papal under-secretary of state returned from Paris today and made a full report at the Vatican on his mission to the peace conference. Monsignor Cerretti had lengthy conversations with Pope Benedict and Cardinal Gasparri, papal secretary of state. Both congratulated him warmly on the success of his mission.

The report dealt with changes made in the peace treaty regarding Catholic missions in former German colonies and the protection of their property.

DAMAGE SPRING WHEAT

Danville, Ill., July 1.—It is estimated by County Farm Adviser Lumbrick that over 5,000 acres of spring wheat in Vermillion county is badly affected by a fungus growth known as wheat scab. In some instances whole fields will be abandoned by farmers as not worth cutting. Winter wheat is being harvested and will give a record yield.

TO COMPLETE DIRECT TESTIMONY

Jackson, Minn., July 1.—Shortly before a recess was taken until tomorrow in the conspiracy trial of A. C. Townley and Joseph Gilbert, Prosecuting Attorney E. H. Nichols announced the state is expected to complete its direct tes-

Forest Fires Threaten Ten Michigan Towns

SAULT STE MARIE, Mich, July 1.—A dozen Upper Michigan towns are threatened with destruction by forest fires that have been raging thruout the territory west of here all day. Trout Lake, Raco, Brimley, Seney, Wellers, Strongs, Ozark, Gilchrist, Johnsonburg and Dick are reported to be fighting thee flames which are being driven before a high wind.

Residents of Trout Lake late this afternoon sent out an appeal for special trains to rescue them. The message was the last word received from that village and said the flames were within a mile of the town on two sides. At Rico the flames were menacing the village on all sides and roaring along thru the surrounding country practically unchecked. The railroad telegrapher there reported the people fleeing the village which he said was certain to be destroyed.

The flames had already restroyed a part of the village of Seney this evening when communication was interrupted.

Trainmen reaching here from the fire swept district were unable tonight to give a detailed account of conditions. The whole region, they say, is swept by smoke and at no time were they able to see more than 100 yards ahead.

There has been no rain in this section for three weeks and efforts to fight the flames are almost futile. The timber fires are within three miles of this city tonight but clearings are believed to afford ample protection.

SAYS HUN PEOPLE WILL UNDERSTAND

BERNE, Switzerland, July 1.—(French Wireless Service.)—Those German leaders who are protesting so violently against the rigors of the peace terms are not representing that the real sentiment of the German people will come to be when it knows the whole truth, the Munich Post, a majority socialist newspaper declares in an editorial in a recent issue. Germany's own acts are responsible for the losses of territory caused her by the peace terms the newspaper admits and her statesmen know this to be so.

"When the German people are acquainted with facts," the Post declares, "they will understand why the victors are so strict and so lacking in mercy toward us. The German people will then silence those who are surprised at the rigor of the peace terms. They will compel them to adopt a more moderate tone and this will bring back the good feeling which existed before the reign of the policy of violence now ended. The civilized world will then with confidence assist us in our misery and in our efforts to obtain a just and humane modification of the terms of the victors to which we are bound to submit today."

ORDERS OF STATE UTILITIES BODY

SPRINGFIELD, Ill., July 1.—Orders issued late today by the state utilities commission include the following:

Aurora, Elgin & Chicago railway allowed to continue until August 1, 1919, pending investigation by commission, passenger rates now in effect in Elgin.

Galena Gas Light company, authorized to continue until Dec. 31, 1919, rates for general gas service now effective in Galena.

Proposed advance of rates for general gas service in Peru and LaSalle, suspended until December 31, 1919.

Proposed advance of rates for general gas service in Chicago for Peoples' Gas Light & Coke company, suspended until November 28, 1919.

BRITISH DIRIGIBLE MAY START TODAY

EAST FORTUNE, Scotland, July 1.—The British dirigible R-34, it is expected will start on its attempt to fly across the Atlantic at 2 o'clock Wednesday morning. Weather conditions here today were favorable for the beginning of the flight.

Commander Scott of the R-34, who was rather pessimistic yesterday concerning weather conditions, was elated today over the prospect of starting the flight soon. The work of installing the new motor and overhauling the craft generally was completed late last night. The gasolene tanks were being filled today and food for the crew was taken aboard.

EXPECT FIGHT ON SUFF AMENDMENT

DES MOINES, July 1.—While equal suffrage leaders today reiterated predictions that the special session of the Iowa legislature tomorrow would ratify the federal suffrage amendment by a large majority there were plenty of indications that victory will not come to them without considerable opposition

Opposition to the amendment probably will be based chiefly on grounds that it is unconstitutional for the asembly to ratify the federal amendment without first passing on state suffrage and presenting the state question to the people for action.

ABOLISH CENSORSHIP

Rome, June 30.—An official de-

CONGRESS QUITS WORK UNTIL NEXT TUESDAY

Enact All Appropriation Bills Needed for Fiscal Year

WASHINGTON, July 1.—Congress adjourned at midnight until next Tuesday, July 8, after enacting all appropiration bills needed by government agencies for the new fiscal year.

Success crowned the efforts of Republican leaders to complete the necessary appropriation measures but only after hours of delay which at times almost threatened to block their plans. The final bill, the army measure carrying $775,000,000; the sundry civil bill, carrying $605,000,000; the District of Columbia's annual budget of $15,000,000 and a deficiency measure of $25,000,000 all were completed tonight and tomorrow will be sent to the White House. President Wilson will be unable to approve the bill until he returns, but no embarassament to government departments owing to delay in making funds available is anticipated.

Gives Rest Over July 4.

With enactment of the final bills tonight, including measures passed at the last session of congres, more than $5,000,000,000 has been appointed for federal needs during the new year which began today. Congress also has cancelled more than $15,000,000 of war appropriations previously authorized. The recess of congress was accomplished after many delays today with controversies centered upon the sundry civil and army measures. The recess given congress a rest over July 4 holiday and when it returns it is expected that President Wilson will submit the treaty negotiated with Germany

Legislation for more strict enforcement of war time prohibition is also to be taken upon immediately on reconvening

A vote in the house favoring a recess was 133 to 89, while only a half dozen seats when the session ended in the uppper branch

The army bill as adopted represents a decrease of $114,000,000 from the amount carried in the senate bill and provides for maintenance of an average army of 325,000 men during the fiscal year which began today The conference report was approved in the senate without a record vote.

HOLLWEG OFFERED TO SURRENDER HIMSELF

BERLIN, Monday, Jun 30.—(ByThe Associated Press.)—Dr. Theobald von Bethmann-Hollweg, former German chancellor offered on May 20, 1919 to surrender himself for trial by the allies but withdrew the offer on the specific request of the government which at that time took the view that Germans accused of causing the war or acts in violation of the rules of civilized warfare should be tried either before a local court or German judges. His attitude at that time, therefore, was held to be undesirable.

Now, however, after peace has been signed and the Germans have agreed to extradite persons whom the allies desire to place on trial, the action of the former chancellor in offering to surrender to the allies is looked upon as purely personal. The government does not object to his action as it is believed that he is one of those whom the entente intends to bring before the high tribunal.

HUN WARSHIP LEAVES SWEDISH WATERS

WASHINGTON, July 1.—The armed German submarine destroyer UZ-21 which under Captain Helmuth von Ruckteschell escaped from Kiel June 23, and later put into Gothenburg, Sweden, departed at 4 a. m. last Thursday, according to dispatches received today by the state department.

It was said that the Swedish authorities did not know the destination of the vessel. Press dispatches from Stockholm Sunday quoted Captain von Ruckteschell as saying he had intended to proceed to South America leaving the chaser in Sweden but that only eight of the crew consented.

CALL ON MEN TO STRIKE FOR MOONEY

CHICAGO, July 1.—The Chicage Mooney central strike committee today issued a proclamation calling upon 1,500 labor unions with a membership of 200,000 to peacefully cease work July 4, 5, 6, 7, and 8, as a protest against the refusal to grant Mooney and Billings new trials. The committee in the proclamation states that more than 80 per cent of the membership of these unions voted in favor of the proposed strike at a recent mail referendum.

CONVENTION ADJOURNS

Chicago, July 1.—The convention of the Catholic Union of Illinois adjourned here today leaving the executive committee to select the nevt meeting place It was the general opinion of the delegates that Quincy, Ill., would be

Brundage To Enforce War Time Dry Act

SPRINGFIELD, Ill., July 1.—In a statement given out here today in connection with the enforcement of prohibition laws in Illinois, Attorney General Brundage said that "whatever interpretation may be placed by the federal courts upon the term "intoxicating liquor" as used in the federal act, the sale of intoxicating liquor in this state is prohibited by the federal law, with the exception of those liquors containing less than the percentage which the federal courts may find to constitute intoxicating liquors.

Mr. Brundage, who issued his statement upon receipt of numerous inquiries relative to enforcement of state laws said the entire state is prohibition territory unless some portion thereof is excepted by the provisions of the search and seizure act.

The statement of the attorney general says:

"The holding of the attorney general of the United States as to what constitutes intoxicating liquor within the meaning of the federal act is without effect upon the interpretation of the Illinois statute. It may be true that in the federal courts the federal law will not be asserted against those who sell liquor which acording to the ruling of the federal authorities is not intoxicating liquor. This question is distinct from the question arising under our dram shop law and under the search and seizure law. In the state courts the provisions of the state law will be enforced and the determination of what is prohibited and the territory within which it is prohibited must be determined from the provisions of the state staute.

"Prohibition territory does not include territory in which dram shop licenses are not suspended. The Illinois statute in terms distinctly provides that such licenses shall be suspended during the period that any statute of the United States prohibiting the sale of intoxicating liquor ts in force. It is manifest that the meaning is that the ordinances are suspended if there is in effect any federal statute which prohibits the sale of intoxicating liquor with or without exceptions or limitations. There is such a statute in force and therefore all ordinances providing for the granting of dram shop licenses in this state are suspended. The result is that the search and seizure act is in full force and effect in all territory of the state of Illinois."

LIQUIDATE KRUPP WORKS FOR EMPLOYES

MUNICH, Monday, June 30.—By The A. P.—The local Krupp works are being liquidated purely in the interest of the employes, following the tremendous losses which have resulted since the revolution. American capitalists are considering taking over the plant and forming a German-American works but abandoned the plan owing to bad conditions here.

A London dispatch received on Monday night stated that Americans had bought the Krupp works at Munich and several other industrial concerns at the Bavarian capital also had passed into American control.

STRIKE TROUBLES GREATLY REDUCED

CHICAGO, July 1.—Strike troubles of city employes were greatly reduced today when approximately half the firemen voted to accept the $300 a year increase granted by the city council last night, and 800 city hall clerical workers returned to their desks. Policemen generally were willing to accept the $300 increase it was believed tho their organization had not acted officially today. The remaining firemen will vote tomorrow.

The street department remained practically tied up the 5,000 workers who struck a week ago refusing to accept the city council's increase of 50 cents a day instead of $1, demanded.

TURKS TO RETURN HOME

Paris, June 30.—(By the Associated Press.)—The Turkish delegation which visited France for the purpose of laying before the peace conference a request that Turkey's territorial integrity be preserved intact will leave for home Thursday.

Meanwhile the members of the delegation will be permitted to visit Paris to make purchases.

RIVER OVERFLOWS; DAMAGES CROPS

Springfield, Ill., July 1.—The overflowing of the Sangamon river in Sangamon county and the subsequent flooding of the lowland wheat fields has damaged the crop to the extent of $150,000 according to a statement made today by E. A. Madden, county farm adviser.

NO GRANT TROOPS ORDERED TO CHICAGO.

Camp Grant, Ill., July 1.—No Camp Grant troops have been ordered to Chicago for strike duty, according to a statement today by Major General Bell, commander of the camp. No request of that

WASHINGTON MOVES TO STOP SALE OF BEER

Judiciary Body of House to Draft Bill Monday

WASHINGTON, July 1.—Congress and the department of justice moved today to stop the sale of two and three quarters percent beer under the wartime prohibition act.

Prohibtion leaders of the house after a series of conferences obtained a call for a meeting Monday of the judiciary committee which is expected to agree promptly on an independent bill for enforcement of the war time law defining intoxicating liquor as containing more than one half of one per cent alcohol and to recommend passage of such a bill by the house at the earliest possible moment. At the same time the department of justice made it plain its agents would enforce the act according to its interpretation that anything more than one half of one per cent of alcohol cannot be legally manufactured or sold.

Decisions of Federal Judge Rose at Baltimore in favor of the brewers and two and three quarters beer and of Federal Judge Sawtelle at San Francisco against the brewers and such beer threw the entire legal status of low alcoholic beer into uncertainty. Either the Baltimore, the San Francisco or one of the many other cases expected to arise soon will be apealed to the supreme court of the United States, however, action by congress within a few weeks at the most is expected to render a decision by the supreme court unnecessary so far as stopping the manufacture and sale is concerned.

Attorney General Palmer made it clear today that while his department would proceed in an orderly manner without wholesale arrests or spectacular raids, offenders against the prohibition law could expect nothing else than "early and vigorous" prosecution. Ending the settlemnt of test cases it may be that evidence in numerous similar cases will be gathered without arrests being made but if the government wins, in the end, all will be prosecuted.

Absentees Delay Action

Except for the absence of some of the members of the judiciary committee a meeting to agree on war time enforcement legislation would have been held today by the committee

At the request of Representative Igoe, Democrat of Missouri, who refused to vote for the general enforcement bill when it was reported out 17 to 2, last week, the house today gave permission for the filing of a minority report on or before July 8 Six or more members of the committee will sign the report which will contend among other things that the courts and not congress should define intoxicating liquors

The minority also will present a substitute measure which would authorize the president to lift the ban on war time prohibition so as it relates to light wines and beer which was exactly the thing he suggested congress should do on the grounds he did not have that power.

Many of the drastic provisions of the bill for enforcement of constitutional prohibition, beginning January 16, 1920, will be attacked in the minority report

While the majority will attempt measure, indications tonight were that there would be a bitter fight on the floor. Chairman Volstead of the judiciary committee was in conference during the day with Republican Leader Mondell, but no statement was made public as to what was discussed.

The position of the "drys" in congress is that they wil stop the sale of two and three quarters per cent beer within two weeks by rushing thru next week a bill defining intoxicating liquor as a beverage or product containing one-half of one per cent alcohol.

GOVERNMENT TROOPS OCCUPIES HAMBURG.

London, July 1.—Hamburg, which has been in the possession of spartacans and communists for a week was occupied at five o'clock this morning by the government troops under Gen. von Lettow-Velbeck. The Exchange Telegraph dispatch from Copenhagen reporting the occupation says there was no fighting

Senator Borah says the newspapers of the country have centered their energies upon congress to whip it into line for the league of nations. This is paying a rather high compliment to newspaperdom.

After an anarchist blew himself up on Attorney General Palmer's doorstep he went right up to congress and asked for appropriations of another million dollars. The Democratic idea of the proper method of procedure in an emergency.

George Washington surely would be proud if he could know that this great United States now has as many votes as Hayti in the world parliament.

American military forces are now two-thirds demobilized, but the grand army of Democratic office holders continues to go over the top for its pay in undiminished numbers.

The American mission in Paris carried fourteen hundred men on its pay roll.

The Germans may carry out the terms of the peace treaty in better shape than they did the armistice, but we imagine it will be a long time before they qualify for membership in the league of nations.

The call for fifty thousand volunteers to go to Germany to serve in the army of occupation has been filled. Not all the boys were tired of army life as most of those volunteering were former members of the expeditionary force.

Fortification of cellars is suggested as the next step.

Revolution lags on the Mexican border. Are they waiting for the 4th of July?

Tourists will be barred in France for the coming year. They want a little time to get their house in order after the scrimmage.

A bill passed by the legislature to permit farmers, dairymen and those in kindred industries to combine for the purpose of making sales of their products has been signed by Gov. Lowden, notwithstanding the fact that Attorney General Brundage has held that the bill is bad in law and giving it as his opinion the courts will hold it unconstitutional, as it violates other statutes, both state and federal. Plenty of room for a law suit, at any rate.

NOT IN ILLINOIS.

Notwithstanding the ruling of the department of justice at Washington that beer and light wines might be sold pending a decision in the courts, the decision will hardly apply to this state, as an intoxicating liquor as defined in Illinois is one containing not more than one-half of one per cent of alcohol. The dry forces contend that:

Under the national war time prohibition act the United States is "dry" beginning July 1 and continuing until demobilization.

The only opening by which the beer and light wines containing less than 2 3-4 per cent of alcohol may be sold is on the ground that in the national statutes there is nothing defining an intoxicating liquor in percentages.

In Illinois, with its search and seizure law, an intoxicating liquor is defined as one containing more than one-half of 1 per cent of alcohol.

Illinois therefore is "dry" territory under the national amendment.

Liquor containing more than the amount specified in the search and seizure bill cannot be sold in Illinois.

NATURALIZING WOMEN.

Says the Buffalo News:

The justices of the supreme court of the District of Columbia have set an example which would be well for justice sitting in naturalization court to follow. They see to it that wives, who automatically become citizens when their husbands become naturalized, are Americanized.

It is not too much to say that the typical foreign-born wife and mother has been an obstruction to progress, often a pitably bewildered and sullen one, doomed to a privation of the respect and authority due her in her own household—the inglorious tragedy of the making of present day America.

The district justices suggest that, when a petitioner for citizenship applies for aid at the school in learning the things required of him, he takes his wife with him, so that she may have opportunity to make herself familiar with American institutions and that she accompany him to court for the observance of the formalities attached to the naturalization process.

This action of the district justices has been urged upon all courts having naturalization jurisdiction. The legislature of the state of Oregon has memoralized congress in the matter. Now that the proposed woman suffrage is in a fair way to be ratified, legislation providing the same qualifications for women as for men is demanded.

Rippling Rhyms
By Walt Mason

Knowledge.

There's always something more to learn, however much we wot of now; important truths, that throb and burn, man ought to store behind his brow. Physicians dwell in every town whose unused minds have gone to seed; they turn the helpful journals down, they do not sudy, think or read. They have diplomas on the wall; what more could any patient wish? They wait for the infrequent call, and sigh, "Dad lame it," or "Odsfish!" And there are lawyers on our street who quit their studies long ago; in fourth rate court rooms they repeat the few moth-eaten things they know. The doctors who are winning fame, the lawyers who are coining dust, know well that in life's busy game none can afford to carry rust. The things we learned in days of old will make a base, the seers relate, on which to rear a structure bold of knowledge fresh and up-to-date. The men who think they know enough will cut but little grass below; they'll always find the sledding tough, and few to mourn them when they go. No man can know so much, in sooth, he shouldn't to his book return! there's always room for one more truth, there's always something more to learn.

CARNIVAL CO. COMING

To Jacksonville for 1 week, the Great C. R. Leggette Shows. Twenty big high class refined attractions. Giant Ferris wheel; mammouth carryusall. Show grounds, North Main street.

THAT NEIGHBOR'S BOY.

He went away the other day,
As happy as could be—
Vacation days called come oh come
And the merry boy was he.
His mother's smile concealed meanwhile
The grief which killed the joy;
For the neighbors were glad
To speed away this noisy, noisy boy.

But yesterday, his boisterous play
At games a boy enjoys,
His whistled tunes morn night and noon
Disturbed them with their noise.
And yet some how—its lonely now
His din should not annoy—
Since blithe and gay, he went away
We miss our neighbor's boy.

When boys shall cease to be and gentle peace
Reigns all along the street.
When boys are men and home again
With cheery words we'll greet
And tell them of our joy—
Till that blest day, let's bear their reign—
And bless the neighbor's boy.

FOR YOUR PICNIC DINNER

Cooked tongues, cold roast pork and other cooked meats.

CENTRAL MARKET

SOME LOT.

It has been estimated, a local merchant remarked yesterday, that the government made $120,000,000 by the increase in postage rates from two cent to three which would mean more than twelve billion letters. This means a good many missives but we are a letter writing nation.

FINAL SERVICE FOR JOHN BARLEYCORN

Evangelist Mitchell in charge of Services—When He Got Thru There Was Little Left of John.

One of the largest congregations that has yet assembled on a week night gathered at the big gospel tent last night to hear Evangelist Mitchell preach the funeral of John Barleycorn. Quite a number were present from Murrayville, Woodson and other nearyb towns, and one lady drove fifteen miles with a horse and buggy to attend the services.

During the opening song service the Sunshine Choir of children sang a little chorus of their own.

"We're so glad you can't buy booze;
Now we'll buy groceries and we'll buy shoes."

And Mr. Shimer sang "The Brewer's Big Horses."

Mr. Mitchell declared that this is one of the greatest days in the history of America. What the best people have prayed and worked for so long has at last come to pass. King Alcohol is deposed, never to reign again. Those who are fighting to retain the liquor traffic are too late. Prohibition is law now, and those who would try to defeat the enforcement of law are nothing short of anarchists. He praised Governor Lowden for signing the Search and Seizure law, which makes Illinois now bone dry.

Must Stand Together.

But the fight is not over. All law abiding people must stand together to see that the law is enforced. He repeated some of the stock arguments against prohibition: "Let liquor alone and it'll let you alone"; "Such awful destruction of property and so many of men thrown out of work"; "Prohibition won't prohibit"—and showed the fallacy of them. He said "blind pigs" could only flourish where there are blind officers.

He told of the difficulties men encountered in getting liquor in prohibition Maine and Kansas, and declared that now we are going about the matter right—beginning at the very fountainhead by national prohibition of manufacture as well as sale. He told of some of the local fights against the saloon in which he had engaged, and showed the utter lawlessness of the business.

Whiskey Made Assassins.

The men who shot Lincoln, Garfield, McKinley and Roosevelt all prepared themselves for their crimes with liquor. Waving a red flag, he shouted, "This is the flag of the lawless liquor traffic. It is an outlaw, always has been, and will be as long as we tolerate it!"

He then lifted up a large American flag that law on one corner of the platform, revealing a large jug under its folds. "The liquor traffic has too long had the protection of that flag!" he declared. "Thank God it can have it no longer!" One corner of the flag was still attached to the jug by a string—2¾ per cent beer, he said that was, but we'l get rid of that too. He then took an ax and smashed the jug to pieces, while the audience shouted its approval.

In conclusion all who would swear anew their enmuty to King Alcohol and their allegiance to Jesus Christ to raise their hands, and nearly every hand was raised.

There was no call for converts, but a number raised their hands for prayers.

Prayer meetings this morning will be held at the following homes: Rev. William Lumley, 1615 South Clay avenue, Miss Mary Caldwell 931 South East street, and William Helfer 215 East Michigan avenue.

Revival services will be held at the tent at 8 p. m.

BARBER SHOPS WILL CLOSE

All union barber shops will close all day Friday, July 4. Will be open until 10 o'clock Thursday evening July 3.

Ray Harmon, President.
Louis Leurig, Secy.

ERROR IN AMOUNT

In the list of contributions to the Home Coming Celebration fund Mrs. D. P. Hueston was credited with twenty five cents, whereas the amount should have been $1.

Call on Zahn for Goodyear tires.

PARK BOARD HELD REGULAR MEETING

A Number of Matters Disposed of Pertaining to Park System at Meeting Held Tuesday Evening.

The park board met in regular session last evening with all present except Member Gomes.

The matter of moving the barn was not decided but left for further consideration.

The secretary reported the castings for the swings in Duncan park on hand and that the pipe was being cut so that the structures would probably be completed before many days.

The chairman was instructed to investigate the question of suitable refuse receptables for central park and report and also to make arrangements for care of refuse Friday.

The secretary reported that the matter of placing the chautauqua water tank on the grounds and filling it with Gravel Springs water was being contemplated by the Fourth of July celebration committee and if that be done the pumps at the adjacent wells will not be needed and may be tied up, if the chautauqua water tank is not placed and filled then the chairman was instructed to make special arangements for managing the wells on the Fourth so that the pumps may n ot be destroyed and the wells emptied.

The chairman reported that Sheriff Weatherford had promised the assistance of four deputies on the Fourth to see that order was maintained on the park grounds.

It has been reported that crap shooting was being indulged in to some extent on remote corners of the grounds and special orders were made to put a stop to the practice.

Special rules governing the swimming beach were adopted and ordered printed on heavy cloth and placed in conspicious situations. It is the determination of the board to have order and good conduct at the beach or close it. No roughs or toughs or badly behaved people will be allowed there.

The chairman reported that the county board thru its chairman, Mr. Magill had announced its readiness to begin the work of oiling the driveways inside the park.

Members Weihl and Hollinger reported a generous offer of the Hofmann Floral Company of certain flowers for the urns and a bed if the board would prepare the place for the same.

The chairman was instructed to secure the services of a suitable woman to scrub the large pavilion.

Mullenix & Hamilton were permitted to plave extra stands on the grounds on the Fourth.

Wanted — Boys aged 10 years or under with sailor suit to take part on float in parade 4th July. Inquire J. Capps & Sons.

W. B. Rexroat and daughter have gone to Macomb to visit reatives and friends and to attend a picnic given by the Rexroat family in that vicinity.

Note:

Lubrication

Many auto owners realize the importance of LUBRICATION, yet neglect it.

What is the result? An old, rattly car before you know it. You blame the factory and the dealer when you should blame yourself. Any car will give you good service at its price, if you will do your part. That part is constant and thorough lubricaton. We do this work as it should be done. We do not overlook the small things. All oil and grease passages are cleaned so the oil can reach the required place. If you doubt our thoroughness, if you doubt our ability, then it is your duty to investigate. Ask our customers. Ask the dealers. All work is done under personal observation. Thoroughness is our motto now and always.

NOTICE TO CITIZENS

There is an ordinance, punishable by fine, prohibiting the placing of grass or trash in the gutters of the city. Material so placed is washed into the sewers stops up the manholes and sewers.

The sewers are in none too good condition and the City of Jacksonville has no money to clean trash and grass out of the manholes. Citizens can help by reporting to the police department those who violate this ordinance and can help by creating community spirit to keep clean gutters in front of their houses.

Thomas Flynn
Chairman Sewer Committee

SOON TO COMPLETE COUNTY SURVEY

Mention has been made a number of times previously of the social survey which is now being made in Morgan county. The work has been in the hands of three experts in this special line, the Misses Coleman, Schultz and Sorrells, and they have now practically completed the gathering of the data for the report. Miss Schultz, who has been in active charge of the survey, will leave shortly but Miss Coleman, who is taking the place made vacant by the resignation of Miss Martha Coale some week since, will remain until Miss Olmsted returns from Cheyenne, Wyo.

The survey has been made in a most exhaustive way and when completed will furnish a most accurate idea of conditions now existing in the county. The showing will probably be a surprise to many people who have believed that conditions here are far better than they really are

CLOSED ALL DAY

IN ORDER THAT OUR EMPLOYES MAY PROPERLY CELEBRATE THE HOME COMING AND THE FOURTH WE WILL BE CLOSED ALL DAY FRIDAY. HERMAN'S READY TO WEAR.

COUNTY CLERK RIGGS ENDS VACATION

County Clerk G. L. Riggs has returned after a week's vacation spent at his farm in the Nortonville neighborhood, and was again at his office in the court house Tuesday. While on the farm Mr. Riggs assisted in the harvesting work.

ELLIOTT STATE BANK

PLAN EDUCATIONAL CAMPAIGN IN CITY

Representative of U. S. Public Health Service Completes Arrangements for Campaign Against Social Diseases—Film "Fit to Win" to be Shown at Rialto July 23-24.

G. R. Ainsworth, representing the United States Public Health Service of the treasury department, Washington, D. C., yesterday completed arrangements for an educational campaign in Jacksonville. The campaign is to acquaint men and women of the dangers of social diseases.

E. E. Crabtree, mayor of Jacksonville, the Morgan County Tuberculosis League, Dr. H. C. Woltman and other representative business and professional men agreed yesterday to cooperate in the campaign.

In many cities where similar campaigns have been launched, physicians have made addresses on social diseases. Whether this plan will be followed in Jacksonville has not been decided.

The photodrama, "Fit to Win," which will be shown in connection with the campaign will be exhibited at the Rialto theater, July 23 and 24. The first performance will be for women and the second one for men. The Public Health Service insists on segregating the sexes.

Special invitations will be sent out from Washington to a large number of residents of Jacksonville asking them to view the film and take an active part in the educational campaign.

ATTENTION KNIGHTS TEMPLAR

Hospitaller Commandery, No. 31 will participate in the Welcome Home parade, July 4th. Every Knight Templar is earnestly requested to assemble at the asylum on the above date at 10:30 a. m. sharp.

Alex Rabjohn, Com.

John R. Phillips, Rec.

LEAVE FOR RUSHVILLE.

Rev. and Mrs. W. R. Leslie will leave this morning for Rushville and tonight Mr. Leslie will occupy the pulpit of the new Methodist church there. This edifice, which replaces one burned last fall, was recently erected at a cost of $55,000. The new church was dedicated last Sunday, Bishop Quayle delivering the dedicatory address. A special series of meetings is being held at the church this week, the pulpit being filled Tuesday night by Rev. C. W. Caseley of Beardstown.

Willard STORAGE BATTERY SERVICE STATION

Neighbors

This is more than a place where you can get your battery charged.

It is more than a store where you can buy a new battery.

As we look at it we are *neighbors* of yours, and we want you to feel the same way about it. A good way to get acquainted is to drive around and have us test your battery with a hydrometer. If you like, we'll show you how to do it, and tell you the few simple rules that ought to be followed to keep the charge up to 1.285, where it belongs.

If yours is a new car with a Willard Battery, be sure to drive in right away so that we can register the battery and give you the benefit of Willard 90-day battery insurance.

An assistant civil engineer at the big dam construction is E. J. Gaylord, a former Illinos college student and during the war with the aviation branch of the service. He has been studying civil engineering at Washington university, St. Louis and is getting a little practical experience at the big undertaking in this city.

MRS. SARAH CAFKY DIED TUESDAY NIGHT

Long Time Resident Answers Final Summons—Had Been Ill For Several Weeks—Funeral Thursday morning.

Mrs. Sarah Cafky a resident of Jacksonville since 1874 died at the family home, 209 South Prarie street at 11 o'clock Tuesday night. Mrs. Cafky suffered a stroke of appoplexy May 31 and since that time has been gradually sinking, until the end finally came.

Deceased was born in Jerseyville, January 7, 1841 and grew to womanhood there and was educated in the public schools of that city.

She was united in marriage there to S. Cafky May 16, 1961. They then took up their residence in Aalton where they remained until 1874 when they came to Jacksonville. The family home since that time has been on South Prarie street.

She is survived by her husband and the following children. W. W. Cafky, Florence, Colo, Miss Helen Cafky Jacksonville, Otis H. Cafky, Forgan, Okla., and Mrs. Robert Stark, Urbana. The death of Mrs Cafky is the first to occur in this family.

Mrs. Cafky was a member of First Baptist church. She was a woman of fine Christian character and was devoted to her htome and children. Her life was such that its influence will be felt in the community in the years to come.

Funeral services will be held from the residence Thursday morning at 10 o'clock in charge of Dr. A. A. Todd pastor of First Baptist church.

ON FISHING TRIP.

IS BUSINESS VISITOR HERE

Ray Davies, district manager for the Corn Belt Investment Co, was in the city on business Tuesday. He is a long time friend of W F. Widmayer, recently appointed local representative of the company. Mr. Davies is a war veteran and served at the front from February, 1918 until October 1918, when he was gassed and retired from further active service.

J. G. High of Chicago and W. E. Marshall of Peoria were in the city demonstrating the Liberty motor.

VANGUARD OF FIGHT CROWD IN TOLEDO

TOLEDO, Ohio., July 1.—The first tents were pitched in Toledo tonight with the arrival of the vanguard of the great crowd for the Willard - Dempsey heavyweight championship contest Friday. They were brought by autoists among a steady stream of machines which began pouring into Toledo at daylight.

With months of training at their backs the champion and the challenger are virtualy on edge tonight. Dr. Joseph J. Sweeney, official physician for the Toledo boxing commission examined Willard and said he found him in such remarkable condition that he should be able to go the full twelve rounds at whatever speed Dempsey sets. He said Willard's stomach muscles are three and a half inches thick.

During the final twenty four hours every effort will be made to keep the boxers away from the curious eyes and questioning of thousands of fight fans whose sole object appears to center in asking the pugilists about their chances of winning.

There are a number of formalities scheduled for the next few days in connection with the contest. There will be a meeting of the judges and referee to discuss plans for reaching a decision under varying conditions which may arise at the conclusion of the bout.

RAIL MEN HANDLE COMMERCIA LBUSINESS

ST. LOUIS, July 1.—Members of the Order of Railroad Telegraphers thruout the country today were notified to resume handling of the Western Union and Postal Telegraph companies. The order was issued by E. J. Manion, president of the Order of Railroad Telegraphers, cancelling the ban on on commercial business which went into effect June 12, in connection with the nation-wide strike of the Commercial Telegraphers Union of America.

Members of the order who number 80,000 however, were instructed to refrain from handling any excess business diverted to rail road offices by the commercial companies.

INDICT EIGHT OFFICIALS

Chicago, July 1.—Eight officials of the consumers packing company which recently underwent an investigation before Federal Judge Landis are charged with conspiracy in using the mails to defraud, in indictmen returned today in Federal Judge Carpenter's court.

DENIES APPLICATION

ILLINOIS MAN SAYS HE LOST 40 POUNDS

Gets It All Back Again and Gains Exactly Five Pounds More By Taking Tanlac.

"This Tanlac has almost made a new man of me and all my friends and neighbors for blocks around will tell you the same thing," said J. A. Smith, a well-known Galesburg, Ill., man living at 422 East Brooks street, in an interview recently.

"Twenty eight years ago," continued Mr. Smith in describing his case, "I began to lose my appetite and have slight attacks of indigestion. My head ached now and then and some nights my sleep was disturbed by rheumatic pains. I paid little attention to these symptoms then, thinking I would soon throw them off, but I have wished a thousand times since that I had for I certainly paid dearly for neglecting them, later on my stomach got in such a bad shape that I could hardly eat anything without bloating all up with gas and having pains that almost took my breath away. Then the rheumatism, which I had been having now and then for several years, started up right I suffered so that I couldn't rest at night and my knees hurt me so bad that I would have to sit around for days at a time and rub with hot liniments trying to ger a little ease. Pains like a bad toothache would shoot thru my shoulders and finally I was forced to stop work. I was making good money as line-man for the Western Union Telegraph Company and hated to give up my job but I simply couldn't stand up under the work any longer. In fact I was out of fix all over and just about as sick and run-down as a man gets to be, and I venture to say that during those twenty-eight years I paid out all of six thousand dollars for medicines that did me no more good than that much water.

"Up to the time I began taking Tanlac I had lost forty pounds in weight, but I have gotten every pound of that back and five pounds besides, and I am now as strong and well as I have been in thirty years. I can sit down and eat as big a meal as I ever could and I am absolutely free from all pain. Even the rheumatism is gone and I don't believe anyone could feel much better than I do."

Tanlac is sold in Jacksonville by Coover and Shreve, in Meredosia by Mr. R. B. Field; in Murrayville by M. E. Gilbert; in Wav-

PACKING COMPANY EMPLOYE INJURED

Walter Jordan Has Fingers of Left Hand Mangled in Sausage Machine.

Walter Jordan, an employe of the Powers-Begg Packing Company suffered a painful injury about two o'clock Tuesday afternoon when the fingers of his left hand were caught in a sausage machine.

The injured man was taken to the office of Dr. A. M. King, who gave the necessary surgical attention. The flesh on all of the fingers was badly lacerated and required a number of stitches. Unless infection sets in no serious results will follow, tho Mr. Jordan will be kept from his work for some time.

deer bill:

about three weeks ago i was drivin' down main street in a gasoline consumer I had been workin on, and I had the cut-out open to see how she was wobbalin and i was just a leetle over the speed limit, when out steps a limb of the law and called my attention to the facts in the case.

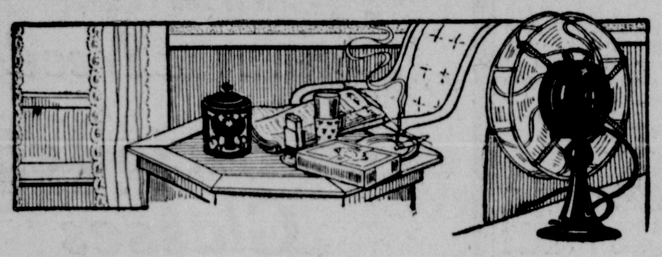

now that was all right, i am glad he didn't do any worse, but **here's where the shoe pinches:** I got an old bus now that **has'ent any cut-out** and **it won't run fast enough** to exceed the speed limit, consequently I can't very well keep **ahead** of anybody and every time i start down S. Main (that's where i live) i get dusted by every old bus on the boulevard, and about **half of them** have their cut-outs open and I haven't seen that policeman since.

Now what do you think of that?

Yours truly,

JACK.

MACON COUNTY LAND GOES TO NEW PRICE

Tract of 194 Acres Recently Sold There for $450 Per Acre.

While people are interested in land prices here, it is interesting to note the advances being made in other counties in central Illinois. Lands in Macon, Douglas, McLean, and Champaign counties have all along sold at somewhat higher levels than have obtained in Morgan county. The same fact seems to hold true now and while we have high land prices here there are still higher figures in the counties mentioned.

The Decatur Herald gives paragraphs about the sale of a Macon county farm the past week at $450 an acre. This is a tract of 194 acres, located near Forsyth. The Herald announces this sale under heavy headlines and gives the facts as follows:

"Farm values seem to be still rising and perhaps the highest price paid yet for any large Macon county farm was paid or contracted for during the last week, when J. E. Birchfield sold 194 acres just east of Forsyth for $450 an acre or a total of $87,750. The farm is right east of the Illinois Central tracks and north of Forsyth and was the Surface farm up until a year or two ago. It has only a fair set of improvements on it but it is all excellent land in good state of cultivation. It sold to a man named Peterson of Iowa, who gets possession next fall."

Let us show you.

S. T. ERIXON

Illinois 56 Bell 265
307 Ayers Bank

Along Morgan County Highways

Recent days have been wonderful for wheat harvesting and a large percentage of Morgan county acreage is now in the shock. Two weeks ago there were some grave misgivings as to whether the big crop could be safely harvested, but now the danger is practically past and the remaining fields of uncut wheat are few.

In some instances it has taken both special industry and maneuvering on the part of farm operators to get their work done on time. One man living east of Jacksonville on one of the O. F. Conklin farms had a field of 100 acres and but one binder to operate, followed the plan of using eight horses, alternately. It takes four horses to pull an eight foot binder and by using four horses for a few hours and then giving them rest while he used another four horses, this farmer was able to keep his machine going almost constantly. The result was that without assistance other than a boy to help drive the horses back and forth, he cut the 100 acres himself in less than a week's time.

In other instances men who have not for years done shocking themselves have gone into the fields and done a full day's work. In most instances they found that altho a good deal of time has slipped away since they worked in the harvest, that they were still able to do a man's part.

On the George E. Klick farm in Alexander precinct the work of cutting 700 acres of wheat is now about finished. A large force of men from Jacksonville State hospital has been doing the shocking and this part of the work has been kept up with a large number of binders. Yesterday fifty men from the hospital were working in the Klick fields under direction of a superintendent, and the shocking has been done in a very satisfactory way. The men are taken to and from the farm in an auto truck. They have a good dinner at noon, quit at four o'clock and altogether seem to enjoy their part in the harvest operations.

It seems now to be the general opinion that the wheat crop will not in bushels come up to expectations, altho there are only a few fields of really poor wheat. However, there are many fields where the guess has been thirty to thirty-five bushels to the acre, which are now not expected to thresh out more than twenty-five bushels. At the present guaranteed price this will mean an excellent cash return to farmers, even tho the total does not measure up fully to expectations.

The grain matured so early this year that threshing will begin almost immediately. Ordinarily after a period of ten days threshing from the shock can be done. Threshermen for the most part have their equipment all in order and some threshing will be done this week. Thus far there has been no general agreement as to the prices which will be paid for threshing here this year, altho in a number of surrounding counties the terms were fixed several weeks ago after conferences between groups of farmers and the owners of threshing equipment.

In Morgan county this year there was a larger acreage than ever before of spring wheat and the prospects now are very poor. Until ten days ago the spring wheat gave promise of a fine return as the earlier season was favorable for this plant. But then the heavy, hot weather following the rainy period was very injurious to the wheat and heads which promised a good return of grain have been practically dried up. As a result some fields which had previously indicated a yield of twenty bushels to the acre will now probably not turn out more than ten bushels.

The weather has been so unusual that the oat harvest will follow the wheat more quickly than usual. In fact, in most part the oat crop is not quite up to the average altho there are some fields that promise a fine return. In others, even on good land, the plants are short and the heads are not heavy. It is a fact acknowledged among farmers of this county that this is not an especially good oats area and usually oats are planted simply because they fit in best with the crop rotation plan. Oats to make satisfactory growth require plenty of moisture and weather that is not excessively hot. It happens, therefore, that generally speaking, oats make the better showing in McLean county and some other counties lying to the south of this county.

A trip thru Morgan county shows a great variation in the condition of corn. Generally speaking, there is a fine prospect and even where the plants are not as far advanced as usual they are of good color and very hardy. In parts of the county where there is any overflow from creeks or where the drainage is imperfect, in a number of cases the early tilling of corn was interfered with. As a result the weeds got an extra start and the corn crop is not as far advanced as would normally be true. In still other localities the corn was not planted as early as usual. As a whole the corn crop in Morgan county is not as far advanced as it was a year ago, but the stand and quality are excellent and unless the killing frosts come much earlier than normally is true, a crop the county can be proud of will be harvested.

When it is remembered that the December quotation for corn is around the $1.45 mark one can readily figure that the farmers of this county are certain to have a prosperous year.

Someone was commenting recently on the small acreage of hay in the county this year and a general survey proved this to be the case. Meadows are few and the total acreage, speaking in a county way, is small. The early rains were excellent for meadows and timothy and clover are now fine crops. The price is so high that the farmer this year will get almost as good a return from his hay crop as will be true from other crops usually considered more valuable. Hay is now selling anywhere from $35 to $40 per ton and new hay, heavy and full of sap, has sold direct from the field at prices varying from $15 to $18 per ton

When it comes to alfalfa, the first crop this year was very heavy and in instances where the farmers were able to cut their first crop at the proper time the second is now almost ready for the sickle. In fact, this is true even in cases where the first crop was not cut at the best time, and the second crop is ready even if light. It so happened that most of the alfalfa fields were ready for the first cutting at a very wet time and in many instances the shoots for the second crop were too far developed before the first crop was taken off.

As a result some of these shoots were clipped by the mower and then came the fewer showers with the result that the development of the second crop was interfered with. However, the first crop was heavy enough to balance any shortage of the second crop and with the normal season the plants will make a good return from the third and fourth cuttings.

Social Events

Dance at Nichols Park.

Monday evening Russell McConnell and Harry Cain gave a dance at Nichols park and a very pleasant time was reported by some 35 to 40 couples The weather was rather warm but that didn't do much to lessen the enjoyment of the occasion.

Strawn's Crossing Club Met With Mrs. Thompson.

The Strawn's Crossing Club met with Mrs. W. C. Thompson Tuesday afternoon. There was a good attendance of members and several visitors. Two interesting papers were presented. One by Mrs. A. C. Foster of "What Women Should Know About Law," and "Home Life in France Before the War," by Miss Anna McDonald. It was the meeting for the election of officers and the following were chosen:

President—Mrs. Eva Strawn.

Vice president—Mrs. C. M. Coons.

Secretary—Mrs. Charles Bealmear.

Following the program and election a social hour was enjoyed and refreshments were served.

The next meeting will be held with Mrs. P. C. Maddox Tuesday, July 15.

Mr. and Mrs. William Frost Entertained at Dinner.

A number of relatives and friends were entertained Sunday at the home of Mr. and Mrs. William Frost, near Winchester. At the noon hour a feast of good things to eat was enjoyed by all The afternoon hours were spent in a very pleasant way, a number of musical selections being given by different members of the company. The guests left at a late hour in the afternoon, carrying memories of the day The company included Mr. and Mrs. Ben Edwards and son Harvey; Mr. and Mrs. William Scheffler and children, Dorris and Herbagene, Mr. and Mrs. Fred D. Woodward and son Donald, Jacksonville; Mr. and Mrs. W. H. Coultas and daughter Evelyn; Mr. and Mrs. George Blackburn; Mr. and Mrs. Clarence Blackburn and son George; Mr. and Mrs. Eli Patrick; Walter Quinn and son Rex of Winchester; John Neef and Mrs. Mollie Wilmarth, of Springfield; Mrs. Hulda Moore, Mrs. Mary Moore, John Wilmarth and Opal Stevenson, all of Lynnville.

JUST RECEIVED A LOT OF SUMMER FURS, MARABOU AND OSTRICH, AT HERMAN'S.

NOTICE.

There is an ordinance prohibiting the use of explosives on the 4th of July. There is a greater necessity at the time of the Welcome Home celebration of refraining from the use of fire crackers and fire works of all kinds, because many of the floats are decorated with tissue paper, some are hauled by horses and carry children. Should a horse be frightened or a float catch on fire from the discharge of a fire cracker, serious damage might result, perhaps in the loss of life. It is to be hoped that parents will have their children refrain from exploding fireworks of any kind in the line of march.

It is hoped that the citizens will respect this request, but if they do not, violators will be arrested and prosecuted.

John D. Cain,
Chairman Police Com.

Call on Zahn for Goodyear tires.

Mrs Jamse Flynn and two children of Alexander left Tuesday via automobile for Hannibal, Mo., where they will spend sev-

BAD AUTO ACCIDENT.

Monday evening Charles Race and W. R. Hierman were driving home from Springfield with two new Overland cars when Samuel Ruble, living near Alexander joined the procession with his Chevrolet going between the other two. About three miles east of Alexander the three met another car going east and as it was moving somewhat rapidly it raised a heavy cloud of dust making it impossible for the drivers to see any one and while they were rushing along Mr. Race overtook Mr. Ruble and struck his car throwing him into the ditch, damaging three wheels, the top and wind shield. Mr. Ruble was thrown out and for a while it was feared he was badly hurt. He was taken home and Dr. Schott was summoned and gave him needed attention and it transpired that while his bruises were painful they are probably not serious The Overland car was but little damaged.

Get your 4th of July straw hat before Friday as OUR store will not be open that day. T. M. TOMLINSON.

JOHN DEERE MOWER

The Mower with the compensating or balanced gears

The Driving Gears —The entire gear mechanism consists of but three pieces —the large internal gear on the axle, the pinion and bevel gear cast as one, and the bevel pinion on the pitman shaft.

No Power is Lost

Some Additional Features

A simple adjustmen keeps the cutter bar in proper alignment, so that the knife runs true and with the least possible strain and wear. This is an adjustment that is not ordinarily found on mowers. Long pitman shaft insures steady running of pitman without vibration. A power-saver. Knife gets into action at rst movement of wheels, because clutch has 21 points. Furnished in vertical or plain lift with regular or heavy truck.

RETURN AFTER WEEKS OF TRAVEL IN EAST

Misses Mary and Corinne Deweese arrived in the city Tuesday morning after a delightful two weeks' trip thru the east. The weather conditions during their absence were ideal with the exception of one day in New York City and one in Newport News, when there was a considerable rainfall. The first point visited was Niagara Falls, and from here the travelers proceeded to Albany and thence to New York City. Here they spent a number of days as guests of Miss Mary Lorine Powell, daughter of Mrs. Mildred E. Powell of this city and a niece of Miss Mary Deweese.

From New York City the Misses Deweese traveled to Old Point Comfort and Newport News, Va. A number of days were spent at Washington, D. C., and visits were made to Arlington National cemetery, Mount Vernon and other places in that vicinity of interest to visitors from all over the nation. Altogether the trip was one of a very pleasant kind and the young women return with many happy recollections of their summer vacation.

Harmony Lodge No. 3, A. F. & A. M. will hold a special meeting this evening at 7:30 o'clock. Work. Visiting brethren welcome.

JACKSONVILLE HOME MORGAN COUNTY

Welcome Home Parade

It has been impossible to obtain a correct list of every man from Morgan county who served in some branch of the war, but let it be understood that every man who served in any capacity, whether he is a resident or a visitor, is invited and expected and we shall thank all to report at Armory Hall by ten thirty Friday morning, July 4th.

Executive Welcome Home Com.

It is requested that all families take their basket dinners and picnic at Nichols park while the boys are eating their dinner in the tent. It is to be regretted that everyone cannot be fed in the tent but this is impossible.

A bomb is to be exploded for each deceased soldier or sailor, releasing a parachute, from which will be suspended an American flag. This flag will be marked with the soldier's name and the flags will be collected, taken to the Red Cross rooms and given to the parents of the deceased son.

A public comfort and rest room has been prepared for ladies and children in the Hayden building on South Sandy street, and another in the Gallaher block on West State street. The ladies of the county are invited to make use of these rooms, where chairs, cots, drinking water and a maid in attendance will be found all day long.

Notice to Marshals.

C. S. Black, chief marshal for the Welcome Home parade July 4, has announced the following marshals to serve on that day. Mr. Black earnestly requests the following named persons to meet not later than 10 o'clock the morning of July 4th, at the corner of Church and State streets:

V. R. Riley, Oliver Spaulding, H. H. Massey, James W. Martin, Talmage Crum, Samuel Challiner, Lloyd Moss, William H. Crum, Thomas H. Buckthorpe, Samuel Camm, Logan Black, Cupid Moseley, Walter Houston, S. O. Shuff, Howard Wannamaker, Ben Davenport, John Baptist, Bascome Kinnett, Carl Martin, Charles Gibbs, J. W. Wallace, John A. Ayers, C. Justus Wright, Henry Strawn, Roy Souza, Joseph M. Smith, Oyer Wright, Howard Burch, Cree Smith, Samuel Harris.

EVERYBODY ENTHUSES ABOUT THE FOURTH

COMMITTEES HAD CONFERENCE TUESDAY NIGHT.

All Preparation s Moving Along in Satisfactory Way — Large Number of Floats Are in the Making and Parade Will Be Great Feature—Book of Soldier Records to Be Compiled—Still Some Funds Needed.

A general conference of the chairmen of various committees planning for the Fourth of July Welcome Home celebration was held in the city council chamber Tuesday night. E. E. Crabtree, chairman of the executive committee, presided and there was a group of at least fifty men and women present, including not only chairmen of departments but members of committees and general workers. The chairman called for reports from the different chairmen and these were given in an accurate and enthusiastic way which proved that the extensive plans are going on apace.

Sometimes in preparing for a pageant or parade there is some doubt as to the interest people will take and as to whether or not there really will be a satisfactory number of floats. It can be said right now that there is no doubt about the interest in the home coming parade and the committee is not relying on promises for floats but upon floats that they know are actually in the course of construction.

Gold Star Banner.

Mrs. Foster told about the gold star banner and the float that the War Mothers are preparing and Mrs. E. L. Hill gave an idea of the extensive preparations that are being made at the state hospital. During the course of the discussion John W. Clancy reported that the C., P. & St. L., men had just decided to provide three floats and a large number of marchers. Other facts and figures were given to show that there is certain to be one of the very best parades that Morgan county has ever known.

One of the impresive features of the day's program will be the brief address which will be delivered by H. H. Bancroft just before the special bombs are fired for deceased soldiers. The committee of which Mr. Bancfort is chairman has arranged among other things for making in connection with the Fourth of July celebration a record which will become permanent in the annals of this county.

A Book of History.

Pages of a loose leaf book will be distributed among soldiers to be filled out with certain details. The name of each man will be given, together with the date of enlistment, the company regiment and division in which he served, together with rank and certain other facts. These pages will be distributed simultaneously and only a few moments will be required for filling out the questions. Then they will be collected and afterward sent to the Ward bindery to be put together in a handsome book. This volume will then be placed at the public library as a permanent record for the county and passing years will give it an increased value.

Charles DeSilva made mention of the handsome satin costumes that members of the Patriotic drum corps will wear. A group from the organization will represent "The Spirit of '76" and some other special features will be given.

Special mention was made of the contribution of carpenters. The erection of the big tent will begin today and in the construction of seats and tables a large number of carpenters will be busy today and tomorrow. Their contribution of labor will amount to $10 or $12 each. The carpenters certainly are showing a patriotic spirit worthy of imitation.

The Finances.

Henry Frisch as chairman of the finance committee has given a detailed reports showing subscriptions of $3,299. This amount is several hundred dollars short of the actual expenditures thus far contracted and it is known that there will be some other expenses which could not be reckoned on in advance. As Chairman Crabtree said last night, there is certainly no use spoiling a fine program for the lack of a few hundred dollars, and the money without doubt will be subscribed. There are many persons who the committee believes will increase their subscriptions and others who have not yet made subscriptions are earnestly requested to do so.

Float Announcement

Thomas Duffner in behalf of the committee yesterday issued a request that all floats be promptly in line at 10:30 o'clock Friday morning, so that there may be no confusion and that the parade may move promptly at 11:30, the announced hour. It is the full intention to have this parade move promptly, as otherwise the day's program cannot be carried out in a satisfactory way.

Knights of Columbus are expecting to send out a large delegation for the parade and for that purpose all Knights of Columbus are requested to meet at the hall on East State street at 10:30 o'clock Friday morning, July 4. Sveral hundred Knighs of Columbus wore the army uniform and this fact will cut down the number of civilian representatives.

Protect the Decorations.

There has been some little carelessness with reference to protecting the decorations thruout the business district and Lloyd Reid, as chairman of that department, has fear that before the week is over that some material damage may be done by thoughtless boys. Should any decorations be torn down by handling or catch fire thru carelessness of boys, the authorities will take prompt and proper action. It is hoped that everybody old and young, will cooperate in keeping the decorations intact and beautiful.

To sum up the Fourth of July preparations, is may be said that if anything has been forgotten, it it because it has escaped the thought of several scores of enthusiastic, interested workers.

The Outlined Program.

The summarized program for the day appears herewith and if you will glance thru it there will come proof that July 4 is simply to be crowded full of enthusiasm:

6:00 a. m.—Firing of two noise bombs.

10:00 a. m.—Reveille.

10:30 a. m.—Assembly call.

11:30 a. m.—Two noise bombs will announce starting of parade, instantly after the second bomb, all bands are to play America. All parade stands at attention, faces to the east and salutes.

11:35 a. m.—Parade: Line of march starting on West State street at Church street, east to the square; around the north side of the square, around the east side of the square and around to South Main street, out South Main street to Morton avenue, west on Morton avenue to Central Hospital gates, through the hospital grounds to the east gate on South Main stdeet. Take the street cars and automobiles for Nichols park.

1:30 p. m.—Dinner served in the tent to the soldiers and sailors.

2:30 p. m.—Address, H. H. Bancroft; address Congressman H. T. Rainey.

3:30 p. m.—Memorial, H. H. Bancroft, preceding the firing of bombs releasing the flags in honor of Morgan County's deceased soldiers and sailors.

4:00 p. m.—Games and music.

8:00 p. m.—Mardi Gras, carnival, public square.

9:30 p. m.—Fire works at park.

LOST

Padlock and bunch of keys. Return to Journal office.

ATTENTION RED CROSS WORKERS.

All women who worked for the Red Cross in making surgical dressings, knitted articles, hospital garments, refugee garments, kits, or in any way assisted in the work of the Red Cross; all women who are members of the Morgan County Red Cross are urged to march in the Fourth of July parade. All who intend to march are requested to wear white dresses with the regulation white plain veil and a red cross on the blouse. Call at Red Cross shop for further information.

Red Cross Parade Committee.

A. J. Leslie of Meredosia was a city caler yesterday.

Paul Wilkerson of Springfield is visiting his grandmother, Mrs. William Holley on East Independence avenue.

CHARLES E. WOODS KILLED BY TRAIN

Franklin Man Meets Death in Attempting to Cross in Front of Burlington Train — Coroner Rose Held Inquest.

Charles E. Woods, a resident of Franklin, was struck by a Burlington South bound freight train in that town about 7 o'clock Tuesday evening and received injuries from which he died a few minutes afterward.

Woods, who is about 60 years of age had started up town, and when he saw the train approaching he started to run across the tracks in front of the engine. The train was traveling at the rate of about 25 miles an hour, and he failed to clear the tracks and was struck by the engine.

A number of people witnessed the accident and Dr. J. B. Perkins was summoned. Examination revealed a compound fracture of the skull and a compound fracture of the left leg below the knee. He died about twenty minutes after being struck.

Coroner Rose was notified of the death and went to Franklin Tuesday evening and held an inquest. He empanelled the following jury: W. M. Skeens, foreman; E. J. Jones, Steve Lyman, J. D. Sublett Henry Clemmons and A. F. Ruble, clerk.

The testimony of J. W. Malack, engineer of the train; Roy Castle, conductor: H. L. Jolly, Dr. J. B. Perkins ,O R. Reese, Mrs. Jim Woods and C. B. Featherstone was taken. The facts as brought out were substantially the same as those given above.

Mrs. Jim Woods who is a sister-in-law of the dead man, in her testimony said that Mr. Woods had been drinking and that she followed him to try and prevent him from attempting to cross the tracks in front of the train.

After hearing the t estimony the jury returned a verdict that the deceased came to his death by being accidentally struck by C., B., & Q., Train No. 6104 Extra, south, and exonerated the train crew from a blame whatsoever.

Deceased had resided in Franklin practicaly all his life. Since the death of his mother he has been living alone in family home which is located close to the Burlington tracks. He is survived by three brothers, James Woods, and William Woods of Franklin, and Frank Woods, of Waverly.

CLOTHIERS TO CLOSE

Feeling that it is our patriotic duty and in order that we and our employes may properly celebrate the Welcome Home celebration, the following firms will be closed all day Friday, July 4th:

T. M. Tomlinson.
S. S. Knoles.
Myers Bros.
Breedon & Dorand.
Thos. Duffner.
Lukeman Bros.
Abe Weihl.

MARTIN COSGRIFF SUFFERS BROKEN ARM

Martin Cosgriff is suffering from a broken arm as the result of an endeavor to crank the engine of the truck used by the Economy store. The accident happened about 10 o'clock Tuesday morning and the injured man was speedily given the necessary surgical attention, Dr. E. D. Canatsey being called to set the broken bone. The injury is a very painful one and will cause Mr. Cosgriff a great deal of inconvenience.

BUY YOUR FLAGS TODAY

You should buy your flags today or tomorrow. Let every house in Morgan county show the American colors for July 4. We have a complete line.

LANE'S BOOK STORE.

Guaranteed 18 Months

PHILADELPHIA DIAMOND GRID BATTERY

8 Reasons for Buying

1. Strongest plates — diagonally (Diamond) braced. Guaranteed not to buckle, short circuit or lose their active material.
2. Hard wood separators, quarter-sawed by patented process which guarantees perfect insulation and perfect conductivity.
3. Non-spill, moulded covers.
4. Dowelled, lock-corner wood cases.
5. Bolted handles (not screwed.)
6. Uni-Seal Assembly.
7. Petticoated terminal posts.
8. Guaranteed for 18 months.

Every one of these eight reasons is alone sufficient for preferring "Diamond Grid" to any other storage battery.

THE WORLD'S MOST ECONOMICAL CAR

DORT

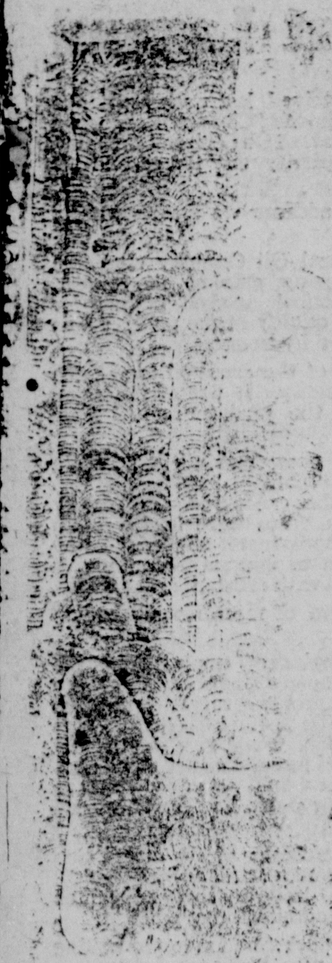

The Dort is built for service—a strong and enduring car—a good looking and comfortable one. In the opinion of thousands of owners who have paid more for cars in the past, the Dort embodies everything required for efficient and satisfactory use.

It has harmonious and attractive lines, sturdy frame and axles, powerful, quiet, smooth running engine; comfortable seats and lots of room for five people. Its starting and lighting equipment is the best in the world. Its cooling properties are unusual. It is easy to "get at" and simple to drive.

The Dort satisfies pride of ownership, as well as high mechanical requirements—at exceptionally light operating and maintenance expense.

MORGAN

Farmers are busy cutting wheat which in some fields is down and badly tangled. The yield and sample of some fields will not be as good as expected.

Wilbur Williams wife and daughter were visiting home folks recently.

Charles H. Taylor was a Meredosia visitor last Saturday.

Mr. and Mrs. Oliver Anderson of Pittsfield was visiting the later's brother, C. E. Drake and family. They are all smiles since the arrival of a little son at the home of their son, Harry Anderson.

Elmer Carlson and family spent Sunday with Mr. and Mrs. Irvin Coulson.

Austin Moody was a week-end visitor at the home of his cousin, Walter Williams.

Miss Ruth Hutches made her regular trip to Concord last Tuesday where she has a large class of music pupils.

Mrs. Elmer Adams and daughter Hazelle of Clinton, Iowa, are visiting her mother, Mrs. J. W. Moody.

Mr. and Mrs. Clyde Williams entertained the latter's brother, George Wolford and wife of Springfield last Sunday. George returned from overseas a short time ago and was married last Wednesday in Springfield to the girl he left behind when he went to war.

Tom Markham and sisters Misses Effie and Hallie, were Sunday visitors at the home of their uncle, C. E. Williams.

MICHIGAN SETS PACE FOR ILLINOIS

State Legislature Enacts Law for Creation of Community Council Association—Other States Are Taking Similar Steps.

The Community Councils movement which is taking such hold thruout the United States has received the approval of the Michigan legislature. It has not only gone on record in favor of the establishment of community councils but has enacted a law providing for the creation of a Michigan Community Council Association and appropriated $10,000 toward the statewide establishment of councils. It has not been afraid to provide that the taxes for the year nineteen hundred and nineteen shall be increased to cover this appropriation.

California has its community councils well under way; North Carolina and Massachusetts have been particularly successful in their campaigns for such community organizations, and many other of the states are organizing rapidly. In Illinois a state wide organization was created in April last, under the name of the Community Councils of Illinois, with offices at 411 Fine Arts Building, Chicago. Albert D. Albert, known as probably the highest paid community expert in the United States, and who has been acting as special representative for the community council movement in Illinois, said today:

"A word to the wise is sufficient. Illinois has let Michigan get ahead of it but it still has a chance to come close to the head of the procession. If our legislature would follow the exampde of Michigan, so that this movement for state and community betterment could have some financial support thru its organizing period, Illinois would soon outdistance the other states in the number of its comunity councils and the practical nature of their activities.

The people of our state are eager to preserve for peacetime uses the get-together spirit of the war, but it takes a certain amount of financial backing to get information to the towns which desire it, in the shape of speakers, printed matter and other help. The Woman's Commitee of the State Council of Defense generously offered to defray the initial expenses of the movement to October 1st., but after that there should be state help."

A JACKSONVILLE POETESS HONORED.

Many will remember Miss Ida Scott Taylor, now Mrs. W. E. McKinney, whose writing so charmed a wide list of readers. She has not stopped writing as we may judge by an extract from a Los Angeles paper.

The Ellis club is a men's organization and has a strong chorus of 75 voices.

In "National Jubilee," a hymn of thanksgiving to God for victorious peace, which was given its intial public hearing last night at Trinity Auditorium by the Ellis club, Los Angeles makes an important contribution to the literature of America patriotic music.

Given Ida Scott Taylor's inspired poem, Vernon Spencer, whose previous compositions have received wide recognition, has provided music of mighty appeal, the whole uniting in an expression of great earnestness.

Words and music together—they cannot be considered apart—form a direct and simple yet tremendously powerful utterance of jubilation and praise. One wonders why "Hymn of Peace" was not chosen as the title, for as a hymn of peace it would not be surprising to see "National Jubilee" win an abiding place as part of our national lore.

Exactly to classify this stirring number, which was received with vast enthusiasm by the large audience at the concert—the closing one of the season of the Ellis club—would be most difficult. Strictly it is neither hymn nor anthem, nor marching song, but a blend of these. As an after-war song, by way of comparison, it might be said to lie relatively between "The Battle Hymn of the Republic" and "John Brown's Body" of Civil War times. Easily singable, easily understandable and with a popular even "catchy" appeal and originally intended as a number for community singing, this remarkable composition with its magnificent phrases, both of words and music, its true, heartfelt sentiment, its majestic rhythm, sounds as if it were meant to be sung by the people, and it is safe to say it will be, if the people are given it to sing.

There isn't a girl who can't have the irresistible, appealing loveliness of perfect daintiness

Within the Curve of a Woman's Arm

A frank discussion of a subject too often avoided

A woman's arm! Poets have sung of its grace; artists have painted its beauty.

It should be the daintiest, sweetest thing in the world. And yet, unfortunately, it isn't, always.

There's an old offender in this quest for perfect daintiness—an offender of which we ourselves may be ever so unconscious, but which is just as truly present.

Shall we discuss it frankly?

Many a woman who says, "No, I am never annoyed by perspiration," does not know the facts—does not realize how much sweeter and daintier she would be if she were *entirely* free from it.

Of course, we aren't to blame because nature has so made us that the perspiration glands under the arms are more active than anywhere else. Nor are we to blame because the perspiration which occurs under the arm does not evaporate as readily as from other parts of the body. The curve of the arm and the constant wearing of clothing has made normal evaporation there impossible.

Would you be absolutely sure of your daintiness?

It is the chemicals of the body, not uncleanliness, that cause odor. And even though there is no active perspiration—no apparent moisture—there may be under the arms an odor unnoticed by ourselves, but distinctly noticeable to others. For it is a physiological fact that persons troubled with perspiration odor seldom can detect it themselves.

Fastidious women who want to be absolutely sure of their daintiness have found that they could not trust to their own consciousness; they have felt the need of a toilet water which would insure them against any of this kind of underarm unpleasantness either moisture or odor.

To meet this need, a physician formulated Odorono—a perfectly harmless and delightful toilet water. With particular women Odorono has become a toilet necessity which they use regularly two or three times a week.

So simple, so easy, so sure

No matter how much the perspiration glands may be excited by exertion, nervousness, or weather conditions, Odorono will keep your underarms always sweet and naturally dry. You then can dismiss all anxiety as to your freshness, your perfect daintiness.

Dr. Lewis B. Allyn, head of the famous Westfield Laboratories Westfield, Massachusetts, says: "Experimental and practical tests show that Odorono is harmless, economical and effective when employed as directed, and will injure neither the skin nor the health."

The right time to use Odorono is at night before retiring. Pat it on the underarms with a bit of absorbent cotton, only two or three times a week. Then a little talcum dusted on and you can forget all about that worst of all embarrassments—perspiration odor or moisture. Daily baths do not lessen the effect of Odorono at all.

Does excessive perspiration ruin your prettiest dresses?

Are you one of the many women who are troubled with excessive perspiration, which ruins all your prettiest blouses and dresses? To endure this condition is so unnecessary! Why, you need *never* spoil a dress with perspiration! For this severer trouble Odorono is just as effective as it is for the more subtle form of perspiration annoyance. Try it tonight and notice how exquisitely fresh and sweet you will feel.

If you are troubled in any unusual way or have had any difficulty in finding relief, let us help you solve your problem. We shall be so glad to do so. *Address Ruth Miller, The Odorono Co., 950 Blair Avenue, Cincinnati, Ohio.*

Your dealer can supply you. Go to him today and get a bottle of Odorono of the size that you prefer. Regular sizes, 60c and $1.00. Trial size, 30c.

The Explosion of An Ancient Legend

A LETTER received last week from one who signs himself "Constant User" asks why the Standard Oil Company (Indiana) insists that the gravity test for gasoline is a fallacy.

Not having his address we are answering the inquiry here.

When the Standard Oil Company (Indiana) began manufacturing gasoline the surest, safest, most practical method known for determining the quality of the product was by testing it with a hydrometer.

In those days all of the crude oil used came from a single locality. It was of the same base always and the products refined from it were uniform.

As the industry grew and oil wells were found in widely separated localities it was discovered that the crude varied so greatly even when taken from wells in the same locality that the hydrometer no longer could be depended upon to indicate the quality of the refined product with satisfactory exactness.

Some other system of measurement had to be used.

The chemical engineers employed by the Standard Oil Company (Indiana), who were asked to solve the problem, suggested that the boiling points of the several fractions, which go to make gasoline, would give the desired result. They would be constant and the usefulness of the product would not vary so long as the range of boiling point fractions remained unchanged.

The practical usefulness of the suggestion was instantly recognized, and the Standard Oil Company (Indiana) immediately adopted it as the basis of their manufacturing practice.

By making its product conform to the boiling point standard, it was possible to guarantee uniform results at all times, even though the hydrometer might show variation in gravity.

We know uniformity is of the most vital importance to the ultimate consumer. That is why we insist that gravity is of no value in determining the value of gasoline as a fuel, because it can not indicate the gaps.

The Standard Oil Company (Indiana) is steadfast in its endeavor to render the greatest service possible to the motoring public and it is constantly trying to so improve the fuel and oils it sells as to give to its patrons a greater value for the money they spend with it.

DEALINGS IN STOCKS MIXED AND IRREGULAR

Specialties of Various Descriptions Continue Their Upward Course Under the Guidance of Professional Interests.

New York, July 1.—Dealings in stocks today were decidedly mixed and irregular as to standard shares, while specialties of various descriptions continued their upward course under the eguidance of professional returns. Additional railroad returns for May including those of several leading systems, were not entirely favorable and t othis was attributed the reaction among investment issues, especially Canadian Pacific.

Food issues, equipments, tobaccos, rubbers, shippings, coppers and equipments provided the motive power of the session at gross gains of 2 to almost 8 points. U S. Steel rose spiritedly in the last hour to 109¾, its top price in several weeks, carrying independent steels and some of the less prominent equipments in its train but oils were restrained by the Mexican situation. Sales amounted to 1,200,000 shares.

Domestic and foreign bonds, including liberty issues, were irregular. Total sales (par value) were $10,800,000.

PEORIA CASH GRAIN
Peoria, Ill., July 1.—Corn—1 @ 3c higher; No. 1 yellow $1.82; No. 2 yellow $1.91; No. 6 yellow $1.76; No. 2 mixed $1.81; No. 3 mixed $1.80; sample $1.70@$1.73.

CORN PRICE RULES HIGHER

Climbing of Hog Values to the New Pinnacle of $21.75 Per Hundred Lifts Corn.

Chicago, July 1.—Substantially higher prices prevailing today for corn resulted to a great etent from the fact that hog values hai climbed to a new pinnacle, $21.75 a hundred weight. The corn market closed unsettled at 1⅝ to 2⅜c net advance with September $1.78½@$1.78¾ and December $1.56⅝@$1.56⅞. Oats gained ¾@2c, and provisions 35@65c.

The fact that liquidation of July contracts on the part of unlicensed dealers was at an end and that deliveries lacked volume formed an additional stimulus to buyers, and so too did more or less general doubt as to whether after all the manufacture of beer would be stopped. Moreover, estimates were current that the 1919 yield of corn in the United States would be hardly more than equal to domestic needs.

Reports of excess heat led to anxiety concerning the safety of oats in important sections where the crop is now at a critical stage.

Provisions ascended with hogs and grain. The best demand came from commission houses.

St. Louis Livestock.

St. Louis, July 1.—Hogs—Receipts 13,000 higher; top $21.75; bulk $21.10 @ $21.70; medium weight $21.25 @ $21.75; light weight $20.25 @ $21.60; light lights $19.00 @ $20.25; heavy packing sows rough $17.00@$18.75; pigs $11,00@$19.75.

COAL For Winter
There is bound to be a shortage of coal next winter if the public is not awakened to the necessity of placing orders now. The output of the mines is far below normal, as many of the miners are returning to their native land. Because of this shortage in help it will be impossible to meet the demand when cold weather arrives.

WOMEN EVERYWHERE

Praise Lydia E. Pinkham's Vegetable Compound as the Greatest Remedy for Woman's Ills.

New Haven, Conn.—"For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs CHARLES E. MORGAN, 37 Sea Street, New Haven, Conn.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in most cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial, and for special advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of 40 years' experience is at your service.

GREENE COUNTY BANKERS HAVE PICNIC

First Annual Picnic of Greene County Bankers Federation Held Friday Afternoon—Gregory Farm to Export Berkshire Hogs—Other News Notes.

White Hall, June 30.—The first annual picnic of the Greene County Bankers' Federation was held Friday afternoon on the White Hall Chautauqua grounds and was attended by about three hundred. High water along Apple creek prevented a general attendance from the lower end of the county. Tables were provided to seat the entire attendance at one sitting, the attendance being guaranteed at 450, and this feature was arranged by the ladies of the First Baptist church, which was a large undertaking and was well managed. There was no formal program and the proceedings took on sociabilities in the absence of Andrew Russel and Mayor E. E. Crabtree, both of Jacksonville, who were expected to make addresses. There are fourteen banks in the county, and all were represent except Rockbridge and Eldred. S. E. Pierson, of Carrollton, presided, and an election of officers for the ensuing year resulted as follows: President H. O. Tunison, White Hall, vice president, G. R. Waddell Hillview, secretary Clyde Linder, Carrollton. The retiring vice president is H. O. Tunison, and the retiring secretary is Marcus Turney. A vote of thanks was extended to the Baptist Ladies.

Berkshire Hogs for Export.

Last week a federal inspector came to White Hall to pass on a shipment of seven Berkshire hogs from Gregory farm for export, and they were given the stamp of approval and started on their journey, the final destination being Brazil. The shipment was made on the order of Armour and Co., and the price paid is not released for publication, but it is known to be a handsome figure. There is an increasing foreign demand for American meat animals and in the choice of foundation heard stock Gregory Farm is getting a full share of consideration and business, which is international testimony of the fame and standing of the establishment.

Another export shipment from White Hall last week was that of a pen of Rhode Island red chickens from Clarence Steckel. This shipment was started on June 28th and is due to arrive at its final destination in Holland on July 20th. The order was placed by the Stein Hall Trading Corporation.

The recent sale of a Berkshire hoge in Massachusetts for $6,000 does not from an analysis take away the record from Gregory Farm entirely. In 1907 Gregory Farm sold Star Masterpiece, a Berkshire boar, for $5,500 to a single individual while the Massachusetts sale by Col. L. L. Seely was to a syndicate. Another point is that in 1907 $5,000 had a far greater value than has $6,000 today. Under these two circumstances Gregory Farm does not readily surrender title to the world price for a boar.

White Hall Jottings.

J. W. Scott is back from California for a sojourn among old friends. His wife is on crutches, and could not come.

The local health board is continuing its activities, and has been inspecting toilet facilities about the main part of the city with the result that the board has unanimously decided to recommend a public toilet. Some of the conditions found are positive nuisances, and the only solution is a public toilet. The railroad stock yards have been cindered in compliance with instructions from the health authorities, and feeding in them is now prohibited. It is said that the Burlington is planning to move its stock yards out from the present location.

T. J. Grant, president of the park board, has formulated suggestive plans for a library building on Whiteside Park that will provide rest room facilities, and will also provide for public toilets, a subject that is now enforcing attention because of the recommendation of the health authorities.

Rev. Leo Howard, pastor of the M. E. church announces a sermon on peace for next Sunday morning, and the idea may be carried forward to a general observance of peace next Sunday among the churches of the city. There is to be no Fourth of July celebration here.

Rev. O. A. Carmean will enter upon his duties next Sunday as pastor the First Baptist church. The improvements on the church building will be completed by that time, excepting that later it is the intention to build an addition to the south.

Mrs. P. D. Cheney, who recently returned from a trip to the east, says that her son, Major Charles H. Bridges, has arrived from overseas, but that it will be some time before he gets a furlough from military duty.

The monthly report of R. B. Pearce, co-operative observer of the weather bureau, shows that the total rainfall for June was 2.91 inches only 0.08 of an inch abovt normal for this station. The average temperature was 75.9 degrees, 3.6 degrees above normal. hTe highest was 96 degrees on the 18th and 19th and the lowest 53 on the 6th and 7th. Thunder storms occurred on the 3rd, 8th, 11th and 25th. The heaviest rainfall in 20 hours was 0.95 inch on the 3rd. Thunder showers occurred in nearly all directions contiguous to this station on the 18th and 19th, and there was flood damage to crops and railroad tracks on the 25th in the southeast corner of the county. Wheat cutting is reaching final stages at the close of the month, and wheat threshing and oats cutting will be in full blost next week. Much wheat will be stacked. The 1,710 acres of wheat belonging to the McClays was cut with fifteen Massey Harris binders between Monday and Friday of last week, and six threshers will begin on this wheat on Thursday of this week. The McClays will greatly enlarge their wheat acreage next year. George Berline has cut 250 acres of wheat. All wheat is of good quality. Harvest hands receive from $4.50 to $5.00 per day, and ther seems to be an adequate supply of labor to meet the present great demands of the harvest.

E. R. Beilder of Cleveland, Ohio, has entered upon the duties of superintendent of the drain tile department of the White Hall Sewer Pipe and Stoneware Co. This releases George Staples to give his exclusive attention to the clay mining operations and the electric railway.

NOTICE

Miss Mary Mathews will be at the Pacific hotel Tuesday and Wednesday with her full line of Pageant Costumes for those desiring something out of the ordinary. These are historic costumes for July 4th.

SEE HERE, OLD SOLDIERS

All who are willing to join the parade Friday please leave your names at the Journal office. Understood, you are asked to assemble in central park on the square about half past ten to eleven and there you will be provided with conveyance, taken in the parade, to Nichols park, to a free dinner, and back to town again. No marching for you and a free dinner at Nichols park.

S. W. Nichols,
Com. Matt Starr Post G. A. R.
J. H. Rayhill, Acting Adjutant.

Mr. and Mrs. J. T. Williams, son and daughter, of Carthage, Mo., were motorists in the city yesterday on their way home from Indiana.

ENTERTAIN ASHLAND RETURNED SOLDIERS

Mr. and Mrs. Matt Hinds Pleasantly Entertained in Honor of Returned Soldiers—Other News Notes From Ashland.

Ashland, June 30.—Miss Mary Lee Elmore of Petersburg is visiting Miss Elizabeth Gailey for a few days.

Mr. and Mrs. Matt Hinds entertained last Sunday evening in honor of the returned soldiers. The home was thrown open to about ninety. Luncheon was served at six o'clock.

Miss Marjorie Higinson of Virginia was the guest of Miss May Kendall Wednesday afternoon.

Miss Lottie Benson of Michigan is spending a few days with Miss Grace Bailey and May Kendall.

Valentine and Bettie Elmore of Petersburg are visiting their grandfather, V. C. Elmore.

Mr. and Mrs. Claude Shackleford and Mr. Will Debolt of Carrollton returned home Wednesday after a few days visit with Mr. and Mrs. J. J. Elmore.

Miss Mae Spears who has been teaching in St. Louis came home Friday for summer vacation.

Dr. Conyers, wife and daughter Kalthleen of Buffalo, Wyoming are visiting his sister, Mrs. Walter Sever north of town. Dr. Conyers just recently returned from France where he was captain of a base hospital.

Mrs. L. L. Savage is in Kansas City for an extended visit with her sister.

Mrs. Martha Walbaum has returned from Labanon, Kentucky, where she was called a few days ago on account of the death of her brother-in-law, Hon. P. N. Nathen.

Miss Bert Short of Dillon, Montana is spending her vacation at home with her parents, Mr. and Mrs. S. A. Short of this place.

Mr. David Wilson and Elmore Gailey spent the day in Springfield, Tuesday.

Mrs. Walter Savage delightfully entertained a few friends in honor of Miss Louise Savage of Baltimore, Md., Wednesday afternoon. Those in attendance were, Misses Ruth Cosner of Louisiana, Marguerite Campbell, Nell Savage, Lutie Beggs, Enid Hubbs, Eula and Glenna Bailey of Ashland.

Henry Hibbs who is attending St. Joseph College at Kirkwood, Mo., is home for summer vacation.

NOTICE

On July 4th during the formation and until after the parade, no vehicle will be allowed to park from Diamond street to the square on West State street nor on the square nor from square to Jacksonville State Hospital on South Main street.

Between the hours of 7:00 a. m., and 10:00 p. m. no vehicles will be allowed to park on State street from West street to East street — on Main street from North street to College avenue, nor upon the square.

It is hoped that the citizens take kindly to this regulation, because if automobiles or vehicles are allowed to park as usual, it will spoil the Welcome Home Celebration and the officers are sure that that county recognizes the spirit of the day and will cheerfully abide thereby.

John D. Cain
Chairman Police Committee

Mr. and Mrs. George Coulson and daughter and Athol Garner spent Sunday evening with Elmer Walker.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

"Sometimes it is in my arm. Mercifu deaven, how my back hurts in the morning!" It's al due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Such conditions you can readily overcome, and prolong life by taking the advice of Dr Pierce, which is "keep the kidneys in good order." "Avoid too much meat, alcohol or tea Drink plenty of pure water, preferably hot water, before meals, and drive the uric acid out of the system by taking Anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist at Dr. Pierce's Invalids' Hotel, Buffalo N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache sick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late get Anuric (anti-uric-acid), for it will put new life into your kidneys and your entire system. Ask your nearest druggist for it or send Dr. Pierce ten cents for trial package.
